

TUITION FEES 2017

St Joseph's School is a Diocesan Catholic School and our funding is from three main sources; Federal Government per capita funding, State Government per capita funding and Tuition Fees. The two government sources of funding go directly to the Toowoomba Catholic Education Office and are used to meet staffing costs and also the services that the office provides. Tuition Fees are used to meet the other operating costs of the school; teaching resources, computers and IT, repairs and maintenance, electricity and heating, postage, telephones etc. Your commitment to meet the payment of school fees is appreciated and absolutely essential for our school to provide quality educational outcomes for our students.

School Fees

At St Joseph's School, tuition fees are invoiced at the beginning of each of the four school terms. Payments can be made annually (for which a 5% discount is offered), each term or by direct debit on a weekly fortnightly or monthly basis. Tuition fees are charged for the first three (3) children in each family currently enrolled from Prep – 12. The fee structure incorporates all levies except subject levies in Secondary, materials levy in Prep and Early Years (Years 1-3), swimming levy, the technology levy and a Community Contribution Fund which applies to families who have not registered to assist with school events/activities.
